

Carbon Poker bad beat is about to break the 800k mark

The carbon poker bad beat is currently at \$770000 and will soon break the \$800.000 mark. It is already the biggest jackpot bonus of its kind.

The carbon poker badbeat jackpot was introduced this year and has become popular with its growth. The jackpot pays out when a hand of quad 7's or better is busted. At the moment, this is the lowest qualifying hand for a bad beat in the online poker industry.

Carbon poker is growing rapidly and offers irresistible bonuses: 200% up to \$1000. Check it out today.
