

Doyles Room joins Cake poker Network

It's official. Finally Doyles Room leaves the Microgaming poker network and joins Cake poker Network.

What does this mean to the players?

This is pretty good news mainly for US player as these are welcomed again at Doyles Room. If you already have an account at Doyles Room, than you should remove the poker software and download the new one. If you don't have an account yet

than you should download the poker software (click banner below) and you will be able to use the new software instantly

By using this link you will get 110% deposit bonus up to \$550, which is more than Cake Poker's deposit bonus. If you are interested in Doyles Room you should try it now, because this bonus may change soon.
